

Examination Guide for the trial test of Specified Skills (i) Evaluation Exam for
Construction Industry in new categories,

September 29, 2022

Japan Association for Construction Human Resources

1. Purpose of the Exam

In response to the partial revision of the policy regarding the operation of the system related to the status of residence for specified skills in the construction field stipulated by the Ministry of Land, Infrastructure, Transport and Tourism, It will be implemented on a trial basis in order to confirm that the Specified Skills (i) Evaluation Exam for Construction Industry in the new categories scheduled to be implemented in the future will be conducted properly.

The implementation will be conducted in accordance with the implementation guidelines for the Specified Skills (i) Evaluation Exam for Construction Industry set by the Ministry of Land, Infrastructure, Transport and Tourism of Japan, but since it is a trial test, the test results will not be effective as the Specified Skills (i) Evaluation Exam for Construction Industry and will not be sent to individual examinees. After understanding the above conditions, we are looking for people who are considering taking the Specified Skills (i) Evaluation Exam for Construction Industry to be held in the future and can cooperate with this trial test.

2. Job categories to be tested

You will be asked to take only one exam of your choice from the six exams of practical skills test and theoretical test for the three new categories (Civil engineering, Architecture, and Lifeline and equipment). **Depending on the situation at the venue, we may ask for your cooperation in taking multiple tests.**

3. Exam schedule

October 12 and 13 and 14 and **15 and 16**, 2022

* As a measure against COVID-19 infection, please note that the meeting time will differ for each applicant.

4. Location

Japan Association for Construction Human Resources

Toranomon 37 mori-biru 9th floor, 3-5-1, Toranomon, Minato-ku, Tokyo, Japan

5. Capacity

About 10 to 20 people for each test (60 to 120 people in total for 6 tests)

*Applications will be closed when the number of applicants reaches the required number.

6. Exam fee

free

*Examination fees are not required, but applicants will be responsible for expenses other than the examination fee, such as transportation expenses to the examination venue and communication expenses for applying.

7. Contents of the exam

This trial test will be conducted in accordance with the implementation guidelines for the Specified Skills (i) Evaluation Exam for Construction Industry set by the Ministry of Land, Infrastructure, Transport and Tourism. The test scope for the six trial tests was published on September 9.

For details on the test scope, please refer to the exam announcement site of Japan Association for Construction Human Resources.

English: https://jac-skill.or.jp/exam_en.html

8. Application for Exam

① Reception period

From September 21 to **the day before the test date at 12:00** noon, 2022

*Regarding all six tests, if the required number of applicants has been collected, the application may be closed even during the application period.

*In addition, the application period may be extended if the required number of applicants cannot be collected.

② How to apply

Apply from Applicant's Page of the exam announcement site of Japan

Association for Construction Human Resources.

- * ID registration to Applicant's Page is needed before the application.
- * It is necessary that the examinee oneself has one's ID registered on Applicant's Page.
- * Please apply from the link displayed on Applicant's Page.
- * Please enter your name in uppercase letters with the same spelling as your residence card or passport.
- * The face photo used for the exam ticket must be taken within 3 months and clearly shown, and must be facing the front and have no cap and no background.
- * Please send the photo taken with your smartphone against the background of the white wall without any processing or size adjustment.
- * The size of the photo may be large, but photos smaller than 600 pixels in height and 450 pixels in width will not be accepted. Even if the face part is trimmed, it needs to be large enough.
- * Retakes of printed photographs will not be accepted. Please take a picture of yourself and send it.
- * Photos that are out of focus, photos with shining glasses, photos with objects in the background, photos that are not looking straight ahead, and photos that have been processed will not be accepted.
- * You will need a photo of the front surface of your valid residence card or something that shows that you are properly resident. You do not need a photo of the back of your residence card.
- * When showing the validity with the period of stay renewal permission sticker attached to the passport, the hole letter of the passport number on each page can be identified by taking a picture of the entire passport page so that it can be seen that the passport is the same as the person's column of the passport. Please make sure that they are the same.
- * For passports such as Vietnam and China that do not have a hole letter of the passport number, bend the page so that the identity field of the passport and the page of the residence permit sticker appear at the same time, and take a picture of the entire passport.
- * We will not accept photos of residence cards and passports that are too small to be identified, or those that are shining on the face of the card and cannot be identified.
- * A copy of the residence card cannot be confirmed to be the same person

as the face photo, so please take a photo of your residence card and send it.

9. What to bring on the day

① Certificate

- Residence card (In case of a resident)
- Passport (In case of a temporary visitor)

② Admission ticket

It will be sent as a PDF file to your applicant's page, so please print it out or show it on your smartphone screen on the day.

* If you do not bring these on the day, you will not be able to take the test.

* You must not lend or borrow goods with other examinees. Please prepare by yourself.

10. COVID-19 infection prevention measures

① Measure your body temperature on site. You can not take the Exam, if it is over 37.5°C.

② At the exam site, you must wear a mask for preventing COVID-19.

③ In addition, you must follow the instructions of the local Exam venue.

11. Preparation before taking the theoretical test

As a preparation before taking the Exam, we recommend that you carry out the CBT operation trial of the theoretical test in advance.

○ CBT operation trial

12. Announcement of result

The test results will not be published on the JAC's website, nor will individual examinees be notified of the results. In addition, we cannot respond to inquiries about the content of exam questions or individual result.

13. Others

Due to bad weather such as typhoons and heavy snow, and the spread of the new corona infection, the exam may not be possible. After applying, notices may be sent to your applicant's page, so please check carefully until the test date.

14. About personal information

The personal information required for this examination will be used for this examination and for the issuance of a certificate. The information may be provided to the facility manager of the test venues when it is necessary to implement the countermeasures against COVID-19. In addition, it may be provided if requested by the Ministry of Land, Infrastructure, Transport and Tourism of Japan. In addition, if you have separately agreed, JAC will use it when JAC send you information about services offered by JAC.
